

Day Four

Listen to the episode. Read the following questions, and write your answers in the box provided.

The Apprentice. Do such shows encourage us to be judgemental? Do they have any value at all?

Reflection: **For the woman, great pain in childbearing, from conception to birth.** What do we learn through suffering? Is it an opportunity or a curse? What is God teaching you through suffering? Lay your worries and even your despair before God, and take some time to be quiet in his presence. Prayer.

Day Five

Listen to the episode. Read the following questions, and write your answers in the box provided.

Eve's desire for her husband. However you view verse 16, what kinds of conflict dominate the relationship between men and women?

Reflection: How does a review of Genesis 2.21-23 help correct the distortion produced by the fall? Take some time to consider the areas of your life where there is conflict, especially in your most intimate relationships. Ask for forgiveness and guidance on what steps to take to bring reconciliation. Are there some hard choices to be made? Ask God to give you courage to take initiative to put things right.

Prayer.
